PROFESSIONAL SUMMARY

Computer science graduate from Niger Delta University seeking a Frontend Development internship role with hands-on experience building responsive web applications using HTML, CSS, JavaScript, React, and Tailwind CSS.

EDUCATION

Niger Delta University, Wilberforce Island
B.Sc. Computer Science (Second Class Upper)
April 2019 – September 2023

SKILLS

Frontend Skills: HTML, CSS, JavaScript, React, Tailwind CSS

UI/UX Skills: Figma, Wireframing, prototyping, User Persona, Survey

Tools: Git/GitHub, Figma, Google forms, Microsoft Office Suite (Word, Excel, PowerPoint)

Soft Skills: Problem-solving, Collaboration, Adaptability, Willingness to learn, Documentation, Time management, Communication, Leadership.

PROJECTS

Portfolio Website (Group Project)

Role: Team Lead

Tech Stack: React, CSS, Tailwind CSS, Git/Github, Vercel/Netlify

- Led the development of a responsive portfolio website, ensuring consistent UI design and clean, maintainable code across the project.

- Coordinated team collaboration through Git and GitHub, managing feature branches, reviewing pull requests, and resolving merge conflicts during development.
- Developed reusable React components and optimized layouts with Tailwind CSS.

Solar System Website (Group Project)

Role: Assistant Team Lead

Tech Stack: React, CSS3, Git/Github, Fetch API, Vercel/Netlify

- Collaborated with the Team Lead to plan, develop, and integrate multiple sections of a solar system web application using React.
- Built responsive and reusable components to dynamically display planetary information while maintaining a consistent user experience.
- Assisted with project deployment, version control, and team collaboration using Git and GitHub, contributing to feature integration and code reviews.

ADDITIONAL EXPERIENCE

Administrative Assistant (PA)

School of Midwifery Principal, Bayelsa State

(Oct 2023 – Oct 2024)

- Managed document typing, formatting, and organization
- Assisted in preparing school records and administrative files
- Ensured proper organization and confidentiality of records

Intern

Fredo Computers

(Jan 2022 – Mar 2022)

- Prepared documents using Microsoft Word, Excel, and PowerPoint
- Assisted with client documentation and computer operations

TRAINING & CERTIFICATIONS

- Front-end Development — TS Academy (Mar – May 2026)
- PDU Africa — 2 weeks intensive program (Nov 24th – Dec 6th 2025)

- PORA Academy – software engineering (Mar – Sept 2025)
- Computer Operations & Desktop Publishing — Monclaris Nigeria Limited (Oct – Dec 2020)
